### The Mandalorian

On a dark and dry night, the Mandalorian was walking through the dry desert planet known as Tatooine. The Mandalorian happened to stumble into a tavern and decided to get a drink, when a group of inhabitants of Tatooine came and spoke in some alien language and said "We haven't seen you around these parts" the Mandalorian replied "I'm a bounty hunter and you look a lot like my bounty" suddenly the Mandalorian killed that entire group of inhabitants except his bounty and said "you're coming with me" the Mandalorian put some money on the bar and said "your welcome" then grabbed his bounty and got into his Razor Crest and went to a small town that looked broken down, then with his bounty he went to the person who hired him and claimed his reward 5 ingots of Beskar then he went into an old broken down shack and went into a secret passage that led to the sewers where a bunch of Mandalorians were hiding out, it was there temporary home because their home planet Mandalore was destroyed by the Empire. Then he went to the armorer's room where she turned those Beskar ingots into an armor piece which now resides on the Mandalorian. The Mandalorian needed another Beskar job if he wanted full Beskar armor so he went to the previous person who hired him and said "I need a high paying job" the guy replied "alright if you're up to it I'll give you a job paying enough to finish your armor but it's not going to be easy" the Mandalorian thought for a moment and said "sure" the man said "alright then, you're target is Baby Yoda and you can find Yoda with this map" the Mandalorian said "ok" he set a location on foot to where that

Marco has worked very hard writing his own story. He will work through break and lunch times. He edits his work and continue to rearrange the class display board to show his work. Head to Group 3 to go and read it!
