International Day of Peace – 21st September

Every year on **21 September**, people around the world come together to celebrate the **International Day of Peace**. It is a day dedicated to promoting peace and encouraging people to think about how we can help create a safer, kinder and more respectful world.

The day was established by the **United Nations in 1981** and is also known as **Peace Day**. It encourages countries, communities and individuals to work towards reducing conflict and building better relationships.

Peace is not just about stopping wars. It can also mean treating others with respect, listening to different opinions, resolving disagreements calmly and standing up against bullying and discrimination.

At school, we can all play a part by being kind, including others, helping people when they need it and thinking carefully about how our words and actions affect those around us.

What can you do today to spread a little peace?

WOW WORK

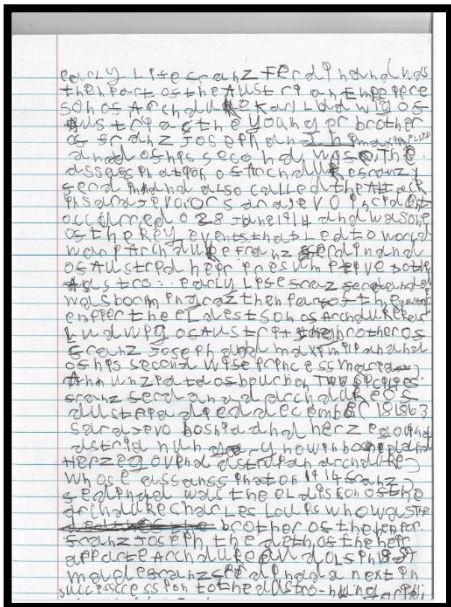

Student Work Showcase

We have loved seeing so many Park School students working hard and producing some fantastic work during the first few weeks of the school year.

Here is a showcase of some of the amazing work that has been produced! 🌟🌟

Anyone whose work is featured will receive **an additional 5 Praise Points** as a recognition of their hard work and effort.

A huge well done to everyone who has been working hard — keep it up! We are looking forward to seeing even more fantastic work throughout the year. 🙌

An extended essay written by Theo A.

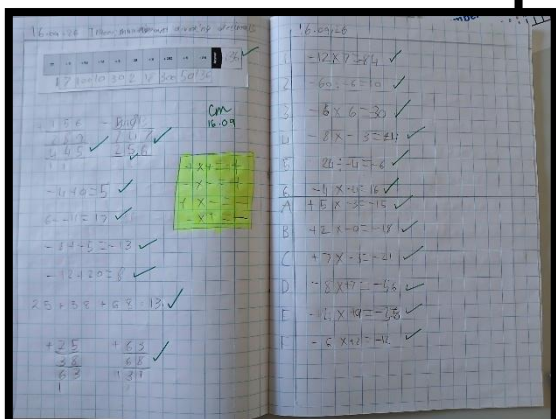

An autumnal mood board created by Ebony.

Wonderful writing in English by Enna.

Pasta bakes made by Rowan, Leyton and Kayla!

Detailed Maths work by Harvey.

DID YOU KNOW?

A cloud can float because its density is about 0.4 per cent lower than the air around it.
